**Protective  
coating**  
for better relief

# SUCRAFIT<sup>TM</sup>-O

Sucralfate 1 gm + Oxetacaine 10 mg / 5ml

**Suspension**

## Unique Prophylactic, Therapeutic and Maintenance Treatment

**Sucralfate:** Is used to treat Stomach ulcers, Gastroesophageal reflux disease, Radiation proctitis and Stomach inflammation and to prevent stress ulcers.

**Oxetacaine:** A potent local anesthetic. It is administered orally for the relief of pain associated with peptic ulcer disease or Esophagitis. It is also used topically in the management of hemorrhoid pain.

- Ensures **mucosal protection** and regeneration
- Enhances **mucosal blood flow**, tissue granulation and angiogenesis
- Ensures **faster ulcer healing** with minimum relapse rate
- Provides relief in **GERD** with **burning sensation**
- Instant relief in **Hyper acidity & Heart burn**
- Ensures relief in **Peptic Ulcer, Duodenal Ulcer** and in **Melaena**

**The specific anaesthetic antiulcerant**

ATINA LABORATORIES PVT. LTD.

## Dual action for Dual condition of **Hyperacidity & Nausea**

# ATIPRAZOLE-D<sup>TM</sup>

Pantoprazole 20 mg + Domperidone 30 mg Sustained Release Capsule

- Step - 1** Immediate release of **Domperidone** to control **Nausea & Vomiting**
- Step - 2** **Pantoprazole** released to control **acid reflux**
- Step - 3** Slow **Sustained Release** of Domperidone over 24 hrs. for preventing further bouts of nausea & vomiting

- Controls GERD
- Reduces Pain & Burning Sensation
- Used for prokinetic action in dyspepsia

**Round the clock Gastric clearance**  
**Better acid inhibition**

ATINA LABORATORIES PVT. LTD.

When **Hyperacidity & associated GI disorders** conspire to disturb the **Gastric Calm**

# ATIPRAZOLE-IT<sup>TM</sup>

Esomeprazole 40 (EC) + Itopride 150 mg (SR) Capsule

## Esomeprazole

- Exerts prolonged anti-secretory action on GI upto 65%
- Effect starts within a few minutes for quicker onset of relief
- Also- Controls meal stimulated acid secretion (by 95%)

## Itopride

- Activates GI motility by dual action
- Antagonises dopaminergic receptors
- Inhibits acetylcholine esterase
- Exerts positive antiemetic action (D<sub>2</sub> antagonism at CTZ)

- GERD
- Reflux Oesophagitis
- Dyspepsia
- Heart Burn
- Peptic Ulcer Disease
- Regurgitation & Flatulence

**The superior control of acidity for total comfort**

## A Revolutionary Approach in **Vital HealthCare** Supplements

# ATIVIT<sup>TM</sup>

Soft Gelatin Capsule

Omega-3 Fatty Acid + Green Tea Extract + Ginkgo Biloba Extract + Ginseng Extract + Grape Seed Extract + Multimineral + Multivitamins with Antioxidants & Trace Element

- Significantly increases **free radical** scavenging activity
- Protects the skin by inhibiting the activity of **U.V. rays**
- Improves **cardiac function** & prevents **atherosclerosis**
- Strengthens the **immune system** & improves **memory**

In

- Diabetes Mellitus
- Hypercholesterolaemia
- Metabolic syndrome
- Multivitamin Deficiency
- Premature aging chances
- Oxidative stress
- Neurological disorder
- Rheumatoid Arthritis
- Joint Pain
- Atopic diseases

Restores **vitality**, Maintains **good health**

Rejuvenate **life,**  
Get **empowered** with...

# ATIVIT<sup>TM</sup> PLUS

Methylcobalamin + Alpha Lipoic Acid + Thiamine +  
Pyridoxine and Folic Acid **Capsules**

## Methylcobalamin

- ❑ Methylcobalamin is a **Neuron Rejuvenator** acting as an essential nutrient for Neurons, significantly improves all symptoms of Peripheral Neuropathy

## Alpha Lipoic Acid

- ❑ Alpha Lipoic Acid is a potent and **powerful antioxidant**
- ❑ ALA prevents plaque formation in arteries by preventing **LDL Oxidation**
- ❑ **Stimulates insulin** activity and increases glucose uptake in the cells

## Folic Acid

- ❑ Methylcobalamin and Folic Acid brings down the **homocysteine level**

## Indications

- **General Debility**
- **Alcoholic Neuropathy**
- **Diabetic Neuropathy**
- **Peripheral Neuropathy**
- **Diabetic Retinopathy**
- **Diabetic Neuropathy**
- **Degenerative Disease**
- **Oxidative Stress**

Once a day for **Neuropathy** &  
**Hyperhomocysteinemia**

# DIGESTION TO NUTRITION

COMPLETS JOURNEY ...

ATINA LABORATORIES PVT. LTD.

## Atizyme<sup>TM</sup> Syrup

Each 5 ml contains :

Diastase (1:800) IP 75 mg

(Fungal Diastase derived from Aspergillus Oryzae)

Papain IP 60 mg

*Sorbitol base  
Sugar free*

**Blended with Cardamom, Caraway &  
Cinnamon Oil (Carminatives)**

- ❑ Fungal Diastase (Amylolytic) and Papain (Proteolytic) works together for kinetic action
- ❑ Prompt digestion of Carbohydrate & Protein
- ❑ Improves pancreatic insufficiency
- ❑ Stimulates appetite

Relieves

- Indigestion
- Dyspepsia
- Flatulence
- Reflux
- Anorexia
- Aerophagia
- Colic

Safe for

- Hyperglycemic patient
- Pregnant ladies

**KNOWN TO ENSURE  
COMPLETE DIGESTION**

**STANDS ON**

# ATICAL<sup>TM</sup>-D Syrup

Each 5 ml contains  
Calcium Carbonate 750 mg  
Equ. to elemental Calcium 300 mg  
Cholecalciferol 300 IU  
Magnesium Hydroxide 59.98 mg  
Equ. to elemental Magnesium 25 mg  
Zinc Gluconate 17.42 mg  
equ. to elemental Zinc 2.5 mg

## BONE CARE BEYOND KNOWN FACTS

*Restricts and reverses bone decay due to*

- **Arthritic changes**
- **Osteoporotic changes** (Post-menopausal & Senile)
- **Age-related degeneration**
- **Diabetic decay**
- **Steroids and drug induced decay**
- **Severe injuries and fractures**
- **Post-surgical recovery**

- Replenishes factors involved in **osteoblastogenesis**
- Maintains **bone density** and **mineral restoration**
- Slows down **calcium resorption**
- L-methylfolate and methylcobalamine in therapeutic concentration brings back lack of **muscular reflexes** at **limbs** and relieves **myalgia**

**Restores science of Mobility, delays Ageing**

ATINA LABORATORIES PVT. LTD.

# ATIMOX<sup>TM</sup>-CV 625

Amoxicillin Trihydrate 500 mg  
Potassium Clavulanate 125 mg

**Tablet**

- Inhibits bacterial  $\beta$ -lactamase enzyme to protect activity of Amoxicillin
- Helps restoring antimicrobial spectrum of Amoxicillin
- Also effective against ESBL producing bacterial strains

#### Indication

- E.N.T. Infections
- Respiratory Tract Infections
- Urogenital Infections
- Enteric Infections
- Skin Infections
- As part of treatment of H.pylori Infections

**Resistance free bactericidal  
ensures efficacy**

## Atimol-P<sup>TM</sup> Tablet

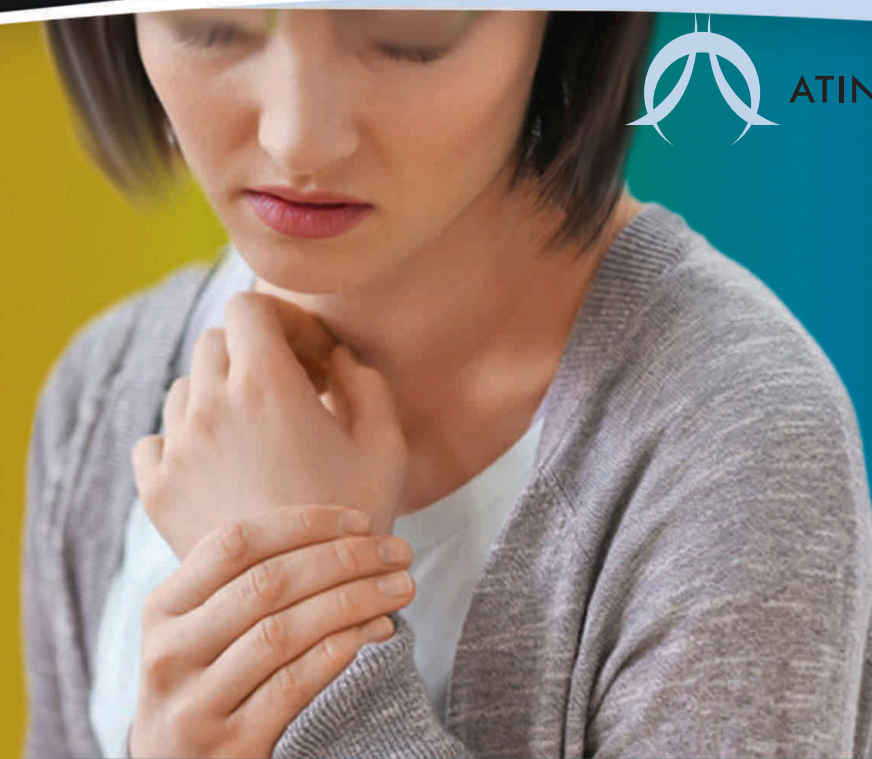

Aceclofenac 100 mg  
Paracetamol 325 mg

- Novel skeletal muscle relaxant in acute muscular spasm
- Reduces muscle tone and spasticity
- No effect on power of the voluntary muscles
- Provides excellent mobility and muscle strength

Indication:

- **Low Back pain**
- **Acute Muscle Strains**

**The Magical Muscle Relaxant**  
**Atimol-P**

**Specially recommended in  
Pain & Sprains**

## Atimol-SP<sup>TM</sup> Tablet

Aceclofenac 100 mg  
Paracetamol 325 mg  
Serratiopeptidase 15 mg

### Aceclofenec

Indicated for the relief of pain and inflammation in osteoarthritis, rheumatoid arthritis and ankylosing spondylitis

### Paracetamol

Highly selective inhibitor of COX-2 enzyme  
Control mild-to-moderate pain or as part of multimodal analgesia

### Serratiopeptidase

A proteolytic enzyme used for reducing inflammation, it has antiedemic, analgesic, fibrinolytic and caesinolytic properties.

Indication: **Traumatic injury, Sprains & Strains**

**The Sprains Specialist Atimol-SP**

## SAFEST WAY TO **LIGHTEN** THE **SKIN TONE**

# GLOWZIC<sup>®</sup> Cream

Kojic acid Dipalmitate 2.0% + Alpha Arbutin 15% + Octylmethoxyinnamate 7.5% + Vita-e Acetate 1.0% + Mulberry Root Extract 1.0% + Licorice Extract 0.5%

In built sunscreen and all these constituents act together to **block melanin pigments** and help in **skin lightening** effects

**Kojic acid Dipalmitate** : Which is much more effective than simple kojic acid, so it gives very fast and effective result, which is visible from first use only.

**Grape seed extract** : Is rich in flavonoids, they aid in maintaining skins elasticity.

**Glycolic Acid** : Improve the look and feel of skin as well as fade away dark pimple marks.

**Arbutin** : Is considered the safest and most effective skin whitening compound

which shows extraordinarily rapid and safe skin whitening properties.

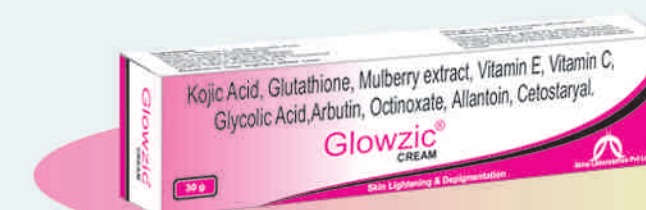

**Mulberry Extract** : Very effective for skin whitening and it has anti inflammatory properties which promotes skin healing.

**Octinoxate** : A sunscreen agent to prevent further skin darkening from UVB light.

**Vitamin E** : A powerful antioxidant which protects skin from UV damage. Also improves skin texture and aids in moisturization.

### Direction of use:

Small quantity of cream and rubbing on face in circular motion till it disappears and dry completely.  
Use this cream every time washing face to notice visible effects.  
Use under medical supervision

Glycolic Acid + Salicylic Acid + Vita E +  
Allantoin & Tea Tree Oil) Pkd. 60/100 ml.

FACE WASH

be proud of  
**beautiful**  
skin..

## Glycolic Acid

It is an alpha hydroxy acid that exfoliates the skin.

Lose some of the rough texture, get more skin smoothness.

The extra pigment get from old acne scars, age spots, sun damage or melasma is stored for weeks in dead cell layer.

Stimulate collagen production, which will help reduce the appearance of fine lines.

## Vitamin E

Vitamin-E is an antioxidant, helps to protect cells from damage.

Played a beneficiary role in the anti ageing factor.

- Skin ulcers
- Hypertrophic scare
- Acne vulgaris
- Pimples and pores
- Rough skin
- Black shades
- Maintenance of general skin health

## Salicylic Acid

It works by increasing the amount of moisture in the skin and dissolving the substance that causes the skin cells to stick together.

## Allantoin

Is a wound healing profile and is able to amelorates and fasten the re-establishment of the normal skin.

## Tea Tree Oil

Widely used as topical applications for wound healing, anti-aging and disease treatments.

Keep glowing day long
